To Whom it May Concern

I am writing this letter of recommendation for Mr. Christopher Lash. Mr. Lash is a very talented individual who will truly be an amazing music teacher. In the time that I have known him, he has developed into an amazing young man who can take over any music program and will take that program to a new level. During his student teaching experience, I had so much confidence in him I truly felt that I could leave him in my classroom alone with my students.

He demanded the student's respect by respecting them and understanding their needs to make amazing music and have a wonderful rehearsal experience. His rehearsal techniques involve a lot of very comprehensive and collaborative ideas that the students not only develop individual skills but they also improve their overall ensemble capabilities.

Chris has a lot of talent and will be an outstanding teacher. He will be a benefit to any district he becomes a part of and will really make a difference. With his experience of being an outstanding musician himself and with his experience with using technology in the classroom, students will enjoy him as a director and will learn a lot of them and become outstanding musicians themselves.

His personality is also very professional, entertaining, and fun. Students will flock to join his programs and have a lot of fun in the process. I truly feel that Mr. Lash will be one of those gems that Superintendents will brag about.

In closing, I highly recommend Mr. Christopher Lash for any position he desires. He is one of those special people who will improve a lot of things, and I look forward to hear about his progress.

Sincerely,
